

HARPER'S SELECT

Version 1.0 · Effective August 2026

These terms apply to guest passes purchased in addition to those included with a Harper's Select membership. Guest passes are a separate product. Purchasing them does not change the membership terms, and the membership terms do not govern their sale.

ALL SALES ARE FINAL. Guest passes are non-refundable and carry no cash value. They expire with the membership they are attached to.

What a guest pass is

1. **Definition.** A guest pass admits one guest on one occasion, covering that guest's general admission and expedited entry, on a regular night of operation. Expedited entry means access to the members' entrance rather than the general line; it does not guarantee immediate admission, and a short wait may still apply.
2. **Attached to a membership.** Passes are added to a named member's card and may only be redeemed by that member, in person, at the door.
3. **Not a ticket.** A guest pass is not a ticket and reserves nothing. Guests remain subject to capacity, venue policy, applicable law, age and identification requirements, and the discretion of management.

Use

4. **Nightly limit.** No more than ten guest passes may be redeemed by one member on any single night. A night runs from opening until closing, including hours after midnight.
5. **Regular nights only.** Passes are valid for general admission on regular nights of operation. They are not valid for ticketed events, concerts, private hire, or any occasion carrying a separate ticket or event price.
6. **Guests must qualify.** Every guest must independently satisfy all age, identification and conduct requirements. A pass does not exempt a guest from anything asked of any other person at the door.
7. **No resale or transfer.** Guest passes may not be sold, traded, auctioned, or exchanged for money or anything of value. They may not be transferred to another member or to any other person. Passes found to have been sold or transferred may be cancelled without refund.

Price and availability

8. **Price at purchase.** Passes are sold at the price shown at the time of purchase. Harper's may change the price of guest passes at any time, including on days of higher demand. A change in price does not affect passes already purchased.
9. **Terms at purchase.** The terms shown at the time of purchase govern the passes bought in that transaction.

10. **Future limits.** Harper's may set additional limits on guest pass redemption for future purchases, including blackout dates and changes to the nightly limit. Any such limits will be stated at the point of purchase and will not be applied to passes bought earlier.
11. **Availability.** Harper's may suspend the sale of additional guest passes at any time.

Expiry and refunds

12. **Expiry.** Guest passes expire with the membership on August 1, 2027, whether used or not. Unused passes are not refunded, credited, extended, or carried forward.
13. **No refunds.** All guest pass sales are final. No refund, credit or partial reimbursement is issued for any reason, including non-use, closure, or revocation of the membership.
14. **Revocation.** If a membership is revoked, all guest passes attached to it are cancelled immediately and no refund is due.

General

15. **Records.** Harper's records the date and time each guest pass is redeemed. These records are used to operate the program and to resolve questions about balances.
16. **Errors.** Where a pass is redeemed in error, a manager may reverse it. Reversals are at Harper's discretion.
17. **Contact.** Harper's Restaurant & Brewpub, 131 Albert Avenue, East Lansing, Michigan.
